Spot/Stain Removal Specialist

Accidents will happen. But don't be afraid to wear your favorite outfit to a party – if the unthinkable happens, the experts at Garde Robe can usually restore a garment's original color without damaging the fabric. Our specialist has distinguished himself as a leader in the field having worked for museums, fashion designers and on a freelance basis for many of the most reputable dry cleaners in New York City.

Prices vary.

Wedding Gown, Textiles and Couture Preservation

At Garde Robe, we recognize that certain garments are more precious than others. If you are planning on passing your wedding dress on to a family member in the future, basic dry cleaning and storage simply won't do. Similarly, storing and caring for a couture garment – modern or vintage – requires expert handling that your average dry cleaner can't provide.

Please inquire for additional details on our archiving and preservation services.
